Hungary
Standard service

Our overland traffic offers superb reliability as well as several different service levels adapted to your needs.

General cargo (1-2500 kg), part and whole full loads (2500 ☐ 24000 kg). There are special regulations in place for goods whose length exceeds 6.0 m, width exceeds 2.45 m and height exceeds 2.4 m.

We also transport temperature-controlled and hazardous goods. Transport times are according to the schedule below.

We can also offer our customers daily express transport in our SystemPlus network. You can select Premium Classic for packages and general cargo or Premium Heavy for pallets. See separate schedule.

Bookings by 12:00 day before loading. Goods are ready for loading by 12:00 on the date of loading.

Lead times door/door in workingdays	General cargo <2 500 kg					Batch load > 2500 kg					Whole load/FTL > 20 000 kg
